Lucca

Seating Group

With its cylindrical wooden legs and angular frame, Lucca has a modern design language. While all-feather cushions offer excellent comfort, their removable covers provide ease of use and allow for changes. Lucca, where you can sit comfortably thanks to its depth, can be used supported by decorative pillows and accompanies personal comfort.

Mozart Lifestyle

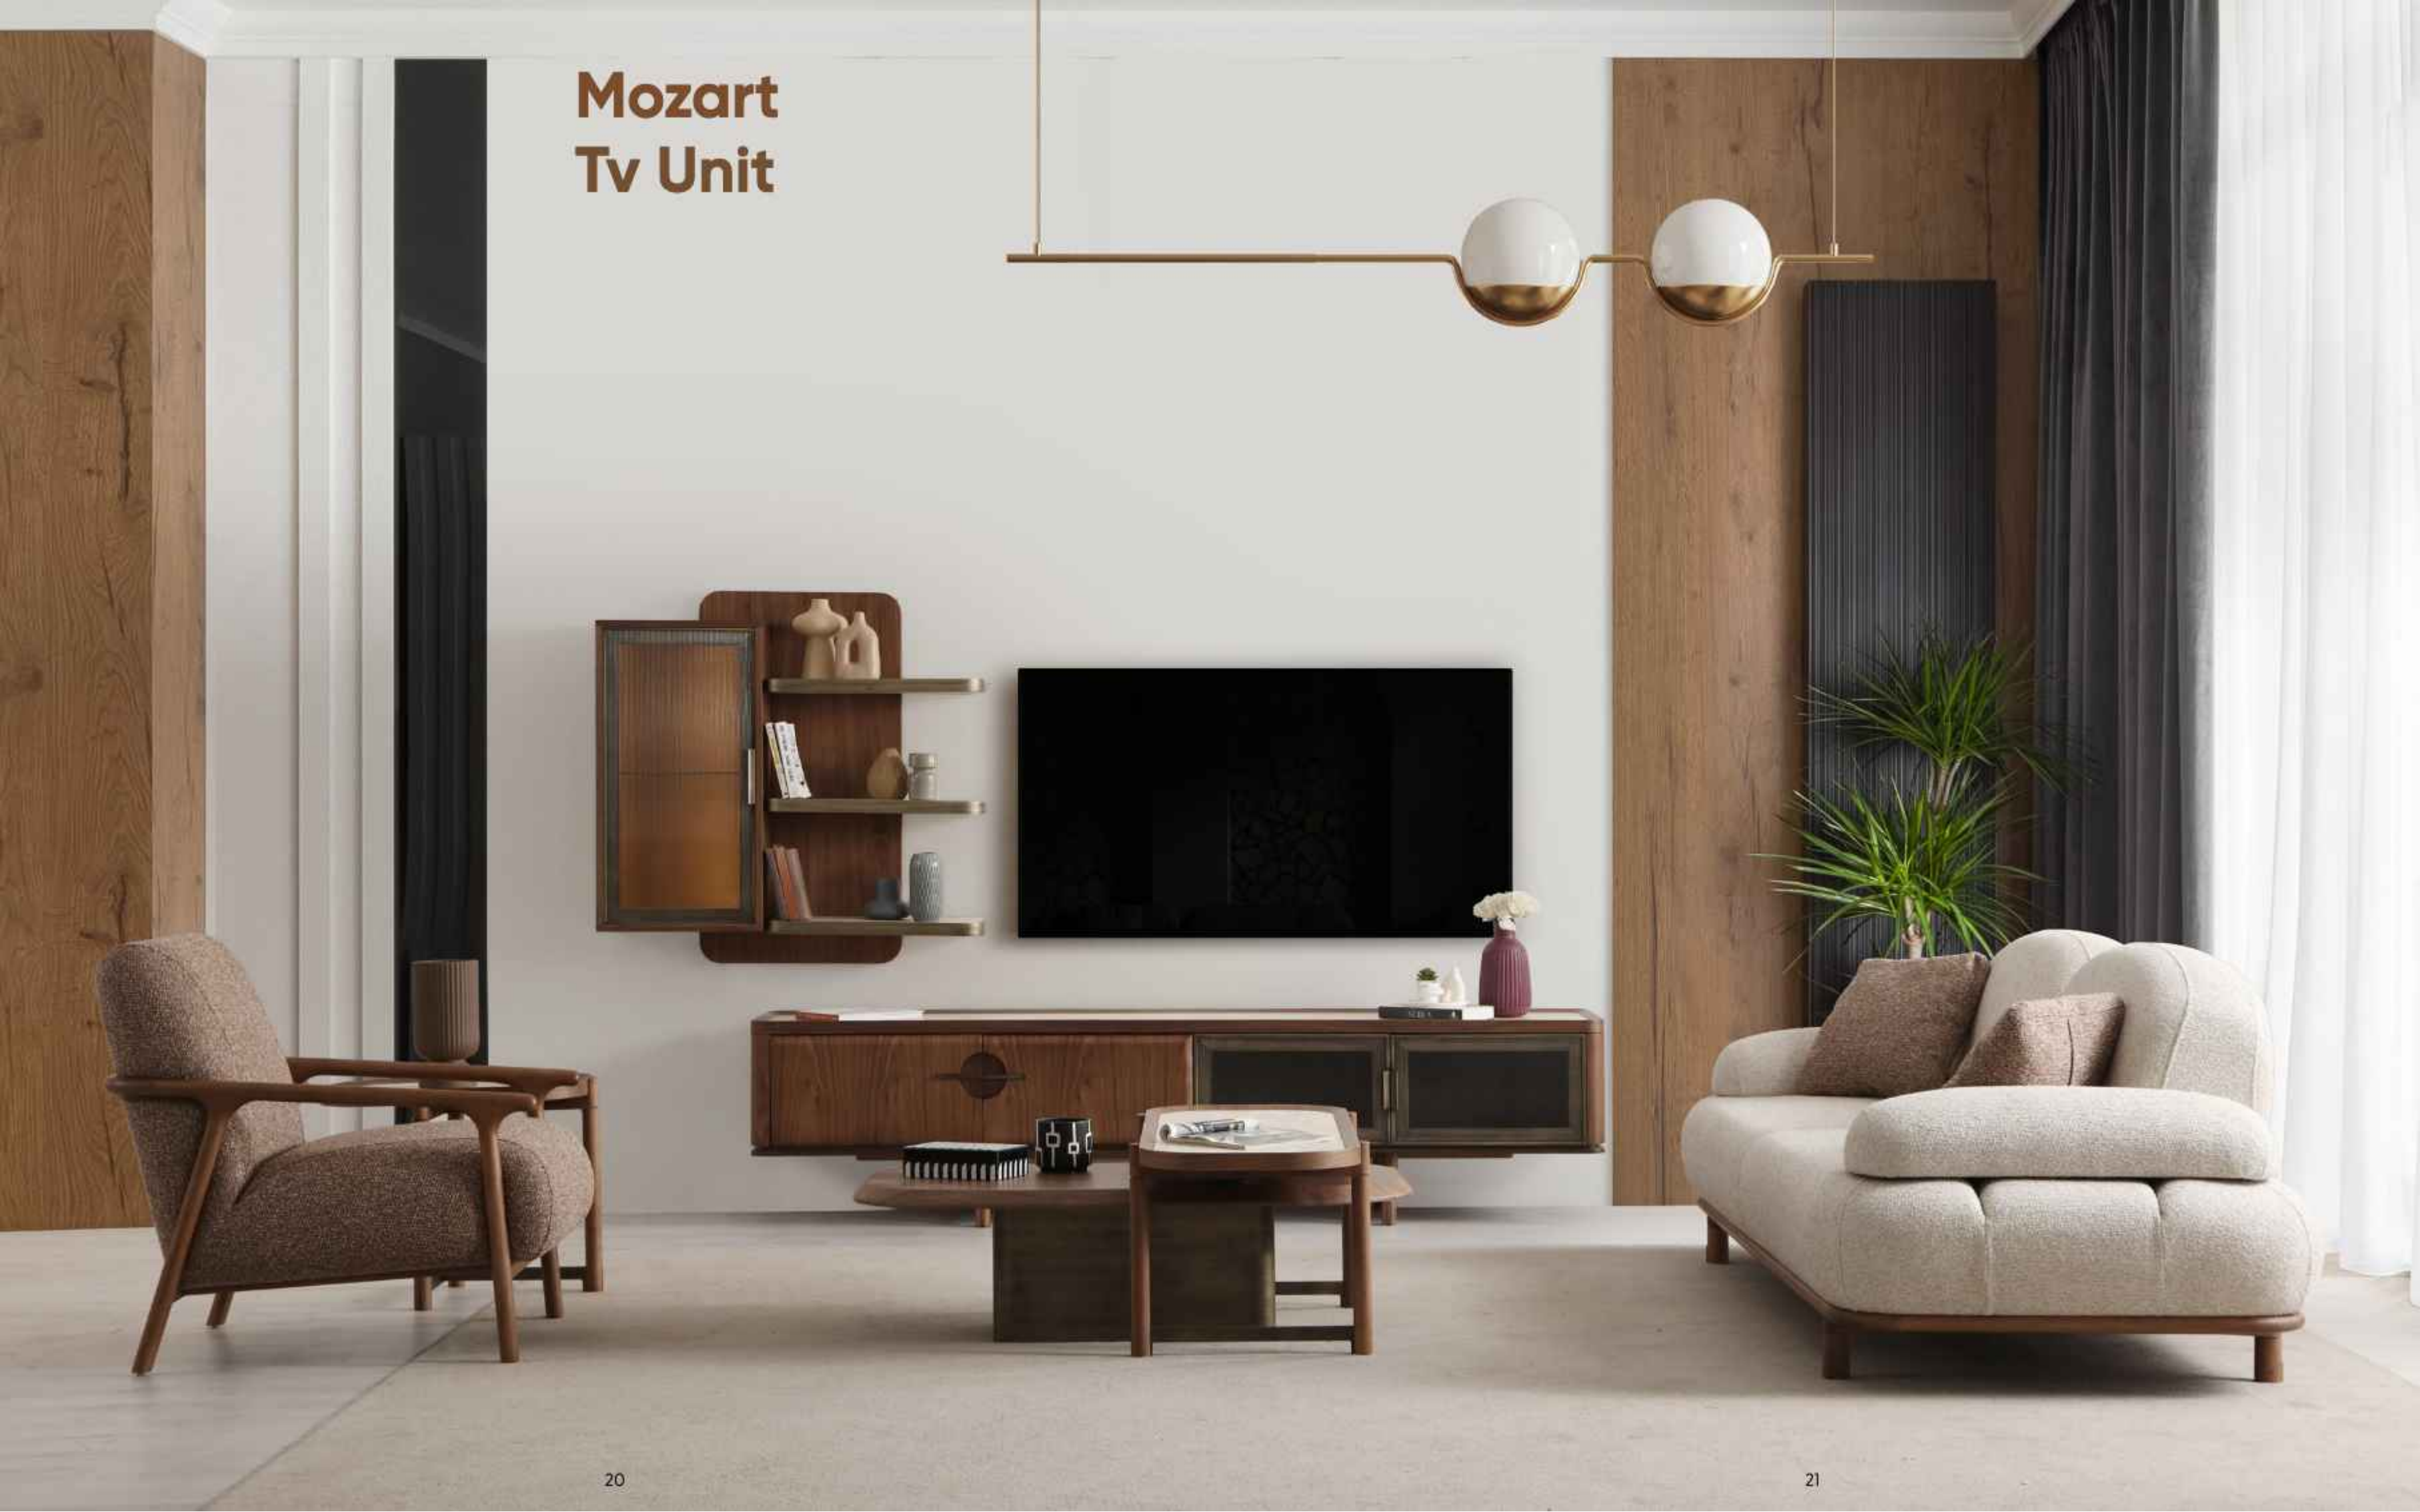

The Mozart product group, which has different sizes, is designed to meet all your storage needs. Different cover options, which constitute the most distinctive character feature of Mozart, offer a semi-permeable appearance and create a visual illusion with the items inside. The rounded edges of the vertical and horizontal wooden elements that make up the cabinet soften Mozart's clear geometry, giving character to the design and providing ease of use. These pieces come together to highlight the beauty of wood as a whole.

Natura sofas offer maximum freedom of composition with elements that create veritable islands of comfort.

A modern living room interior. In the center is a white, curved sofa with a wooden frame, featuring two pillows: one plain white and one with an orange and white abstract pattern. In front of the sofa is a low, round, white coffee table with a wooden frame, holding a small cactus, a dark green vase, and some white ceramic items. To the left of the sofa is a tall, thin floor lamp with a brass-colored base and a large, dome-shaped brass-colored shade. Behind the sofa is a dark wooden console table with various decorative objects, including a tall, dark green cactus, a circular wooden sculpture, and a tall, thin vase. The background wall is a light, textured grey. To the right, a large arched window or doorway is visible, leading to another room. The floor is a light, neutral color.
